

## KATT PDS

### Katt PDS

Ideal for both voice and high-speed data applications, the wall mount KATT Premises Distribution System (PDS) is a superior high density block based system for structured cabling. Utilizing Molex Premise Networks patented KATT connector technology, this is the most flexible interconnect system available today.

#### Katt PDS 100 Pair Base

- 100pr Base - No Connectors
  - 100pr Base w/48 KATT 2 Connectors
  - 100pr Base w/24 KATT 4 Connectors
  - 100pr Base w/20 KATT 5 Connectors
- 
- KATT 2 Connectors (100 per Bag)
  - KATT 4 Connectors/FONT>
  - KATT 5 Connectors (100 per Bag)

### Katt PDS Ring Run

The KATT PDS Ring Run Provides complete horizontal and vertical cable management in one unique product. Molex Premise Networks exclusive rings speed horizontal cable routing. The integral cable retention feature forms a vertical wiring through between rows of blocks.
